Mission Statement

The Texas Perinatal Association is a not-for-profit, multidisciplinary organization whose purpose is to promote continuing improvement in the quality of health care for mothers and infants in the state of Texas.

Vision Statement

The Texas Perinatal Association is a not-for-profit, multidisciplinary organization actively committed to achieving continuous improvement in the quality of health care for mothers and infants in the state of Texas by; promoting networking for providers of perinatal health care; supporting education for providers and consumers of perinatal health care; improving availability, accessibility, and continuity of preventive and primary perinatal health care services; and promoting initiatives toward improving the health care of mothers and infants.
